INDEX TO VOLUME 57
January to December, 1952

NOTE—The articles and references in this index have been classified under leading subjects or topics, as far as practicable, and should be sought under such heads, which, together with all unclassified matter, are arranged alphabetically. Illustrated articles, or photos standing by themselves, are indicated by an asterisk (*). The subject matter of editorials will be found classified under the subject with which they deal and marked (e.). Many titles of articles are abbreviated, the aim being to give prominence to important words.

Baseball—under pressure; or . . . why baseball is the national pastime, Nov *106
Big Sandy-Elkhorn Coal Mining Institute, Sponsors high school seniors tour to Inland Steel Mine, Aug *146
Big Sandy-Elkhorn Coal Operators' Assn., Lexington, Ky. meeting, July 194

Bituminous Coal
Coal Economic Conference, Oct 138
Fatalities down, Aug 146
The 50 largest mines in 1951 (table), June 85
Haulage accidents result in 23 violent deaths, Sept 106
New bituminous preparation facilities in 1951 (table), Feb 84
1951 output up, Jan 142
1952 demand near 500 million tons (table), Sept 136
Pennsylvania bituminous operator proves that neatness pays off, Aug *100
Solid year in '51 . . . better still in '52 Feb *70
Stoker-coal test revised, June 136
West Virginia tops Pennsylvania coal output for first time, May 172
Bituminous Coal Institute
Mines 26 billionth ton, Mar 132
Bituminous Coal Operator's Association
Marling J. Ankeny, new safety director, Sept *127
Lewis gains in wages, welfare, Oct *127
Bituminous Coal Research
Chicago meeting, Apr *142
Continuous mining machine rights sold, Aug 146
Blasting
Fog guns and multiple shooting promote dust and fume control, L. H. McGuire, Jan *108
Jet piercing for coal, May *106

Bureau of Mines
Anthracite Research advisors cover all industry, Aug 141
Coal Mine Fatalities Jan-June 1952 (table), Sept 172
Equipment approvals, Jan 152, Feb 151, Mar 164, Apr 150, May 134, June 148, July 214, Aug 180, Sept 147, Oct 140, Nov 168
Interior Department budget approved by House vote, May 168
Morgantown Station where research in synthetic fuels will take place, May *128
New invention quickly determines commutating-field polarity, Sept *116
Penn State Mineral Industries School honors Forbes, May *127
Synthetic gas battle still on, Sept 182
James Westfield named safety chief, Aug 146
